## HIP/ZIP - ABRASIVE CUTTING WHEELS

Fast cutting yet long lasting, these fine grain aluminum oxide abrasive cutting wheels depend on high RPM to produce precision cuts with minimum heat-build up. They cut faster and last longer than other wheels. Use for the toughest cutting jobs in all metals and plastics.

PART NUMBER	SIZE DIA X ARBOR	RECOMMENDED RPM	PRICE EACH	VOLUME PRICE DISCOUNTS

## HIP/ZIP-CT PREMIUM - CUTTING WHEELS

The addition of CT Premium additives to our HIP/ZIP super thin cutting wheels extends their cutting life by a factor of two - in some cases even more! In addition, tough CT Premium grains resist “loading” and make the wheel cut even faster while producing less heat. Try these remarkable new wheels side by side with the wheels you’re currently using and see if they don’t give longer life and cooler, faster cuts.
